Letters to the Editor

THE PROPOSED HOSPITAL

Editor, The Western Globe:

Dear Sir—I was very interested in the editorial in your issue of May 20th, re the proposed Community Hospital, and hope you may be able to spare some space for some remarks on the subject.

As is the case whenever any sorely needed reform is proposed, all those opposed become highly vocal, while those in favor seem to burn up their energy in desire and have none left with which to fight the battle.

We hear on all sides that the cost will be tremendous, that the true picture is not being presented, that the Town should pay a bigger share of the first costs, that the Town will get all (?) the benefits, that the building will cost $60,000 instead of $30,000, etc., etc., ad nauseam.

And if the cost should be $60,000 (which is not true), what of it? Is not the health of the men, women and children of this locality worth $10 or $15 apiece? And as regards heavy taxes—we now pay the Provincial Government 3 mills for Social Services distributed throughout the province; can we not spare 5-9 of a mill for ourselves, which after all amounts to only $1.35 per quarter section assessed at $2500?

The existing hospital has, within its limits, served the district for many years. Those limits are now, and have been for some time, admittedly outgrown. No one, surely, will deny that we need a hospital; in fact, statistics show that an approximate 10 per cent of the population is in need of hospitalization. Are we, through bickering, misrepresentation and pinch-penny politics, going to deny ourselves this very necessary human service, and wait for some other interest to install what should be OUR hospital, to run the same for profit, a cost plus profit which, no matter how we may try, we will eventually pay.

We hear a great deal about co-operation, production for use, and even cultural heritage these days. I would think that one of the first places to apply these ideas and ideals should be in the care of the ailing human body.

I fail to see the need of any poll of the proprietary electors of the Municipality. It is a waste of money (the cost of the poll alone will amount to about 25 per cent of one year's payment on the proposal as submitted). It is a waste of energy, when we want a hospital, to try NOT to have a hospital, and worst of all, it is a waste of valuable time, as the scheme may thus be hoisted for a year (as was explained in your editorial last week), whereas, if we inform ourselves of the true position, and refuse to believe the various fabrications that are being circulated, we can have a modern, efficient hospital this fall.

Recently I passed the Community Hospital at Wetaskiwin—built and successfully operated by and in a community, right after an almost total crop loss by hail. If that can be done, and it has been done, and operated at a cost below estimates, what have we to fear except our own apparent lack of confidence in ourselves?

In the Coronation Day exercises it was well shown that Town and Country CAN co-operate. Let's repeat the dose.

Yours truly,

H. E. HEATH.

Cardinals Lose First in Softball League

COMMERCIAL SOFTBALL LEAGUE STANDING

	W.	L.	Pts.
H.S. Cardinals	4	1	8
Jimmies	2	2	4
D.E.S. Aggies	2	2	4
Gunners	1	2	2
P.S. Leafs	1	3	2

(Not including games of Wednesday, May 26th).

LAST WEEK'S RESULTS

Cardinals 3, Gunners 9.
Gunners 11, Jimmies 12.
Cardinals 22, Leafs 8.
Aggies 13, Gunners 9.
Jimmies 12, Cardinals 21.
Leafs 4, Aggies 21.

CARDS LOSE FIRST

Six exciting games featured last week's softball in the Commercial League. The High School Cardinals went down to defeat for the first time this season as they were held 9-3 by the Gunners. Fifteen hits were kept well scattered by Webb Frizzell for the winners.

The Cardinals hammered the Public School Leafs 22-8 last Wednesday. The Jimmies were again stopped 21-12 on Tuesday, with 12 runs in a big fifth inning.

JIMMIES AND AGGIES TIED

Jimmies added their second win last Thursday, downing the Gunners 12-11 to keep in second slot. Three runs in the last inning brought them from behind to win.

The Aggies advanced to deadlock second position in the standing by scoring two wins this week. The Gunners bowed before them 13-9 last Wednesday, while they blasted the Leafs 21-4 Tuesday night.

This Week's Thought

Every failure teaches a man something—if he will only learn.

Mill Rate for Town to be Set at 48 for Year 1937

Increase of Six Mills Over Last Year Necessitated by Larger Expenditures; Assessment For Year Up $18,000 Over 1936

The mill rate for the Town of Lacombe for the year 1937 will be set at 48, it was learned at a special meeting of the Town Council held in the Town Office on Tuesday morning. This rate is made up as follows:

Town	30 mills
School	15 mills
Social Service	3 mills

The report of the Finance Committee was read by Councillor P. C. Owen, chairman, and stated specifically the additional expense which the Town was forced to face this year. The report, in brief, contained the following factors which necessitated the increase in the mill rate:

"Ordinary revenue from sources other than taxation are approximately the same as 1936 as well as revenue from taxation for school purposes on land outside the town.

"In considering the amount to be raised for all purposes this year, three major items appeared with which we did not have to contend in 1936, namely:

1. An increase of $1750 in the school demands to provide for an extra room and teacher.
2. A net floating loan at the Bank of Montreal which stood at $2750 as of December 31, 1936.
3. Provision must be made for a net increase of $837 in debenture payments due to Road Debenture issued last year.

"These items represent a total of $5337. Items One and Three are new demands and amount to $2587; Item Two, the bank loan, is up $1250 from last year due to absorbing costs of road construction not provided for in debenture of $9000 issued last year.

Increase of $18,000

"Our assessment for town purposes shows an increase of approximately $18,000 over last year, this being accounted for largely by the impost of a net increase of $11,000 on the properties of the Calgary Power Co.

"We find it will be necessary to raise $47,894 for all purposes and toward this sum the following mill rates will of necessity have to be applied to all rateable property for the year 1937: Town, 30 mills; School, 15 mills; Social Service, 3 mills.

"At this mill rate, it is our considered opinion the budget for 1937 can be balanced."

This report was adopted by the council. Notice was given that a by-law would be introduced at the next regular council meeting regarding the setting of this mill rate.

A resolution granting $100 to the Lest-We-Forget Club for the maintenance of Memorial Park for the year 1937 was passed.

Local Golf Handicap Tournament Starts Next Wednesday

Wednesday Afternoon Games to Be Followed by Bean Supper in the Club House

The Lacombe Golf and Country Club is starting its annual handicap tournament. The tournament will consist of two-ball foursome match play, and the first draw is lined up for Wednesday, June 2. Immediately after the games have been run off, a bean supper will be served in the club house. Players unable to play Wednesday, or anyone left off the draw are requested to communicate with the secretary.

Wednesday's draw is as follows:

O. Vickerson and R. Warren vs. E. H. McCaugherty and Don McCallum.

I. O. Irish and C. R. Lewis vs. John MacDonald and Tom Wilkes.

G. T. Jackson and C. D. Williamson vs. H. Teare and Jas Hampson.

H. M. Henderson and J. Pike vs. R. H. Nelles and Joe Mack.

Jack Morrison and W. L. Chisholm vs. S. R. Mutch and Al Meston.

D. F. Chisholm and Bob Warriorvs. H. S. Trame and Alf. Price.

Dr. McLean and H. A. Ferguson vs. Bob McCaugherty and James Fairbairn.

Dr. Thompson and G. E. DeLong vs. G. Sweet and Bert Ford.

M. G. Cruickshank and Dr. Moore vs. J. S. McCormick and T. W. H. Lewis.

Bob Todd and E. A. Bowering vs. C. D. Marble and P. C. Owen.

C. H. Haverstock and B. Godfrey vs. Bill Harrington and W. Burris.

W. N. Morrison and G. J. Doherty vs. R. Lawrence and S. J. Boyd.

Joe Taylor and C. W. Sweet vs. F. E. McLeod and P. W. Pratt.

Fraternal Visit Much Appreciated

Paying a fraternal visit and headed by Worshipful Master L. P. Minkler, twenty Pastmasters and thirteen Master Masons of Eureka Lodge No. 10, A. F. & A.M., Lacombe, motored to Bashaw on Tuesday night to attend a meeting of Fidelity Lodge No. 76.

It was a splendid turn-out of local members, who were royally entertained and banqueted by the host lodge, who were highly appreciative of the visit.

The third degree was splendidly exemplified and the Coronation of King George VI. (who holds the highest post of honor in the Order) was impressively observed. After the banquet, at which several Pastmasters spoke, the gathering broke up with the singing of "Auld Lang Syne," with the hope expressed that the Bashaw Lodge would pay a fraternal visit to the Lacombe Lodge at an early date.

Hospital Accepted By Local Electors

The by-law for the raising of $30,000 by the Town of Lacombe for the erection of a Community Hospital in Lacombe was given an overwhelming majority at the polls when the proprietary electors of the Town voted 148 to 17 for the by-law at the plebiscite held Friday last.

The total vote was 165, there being no spoiled ballots, out of a possible resident vote of 200.

A majority of .862-3 per cent of the electors was all that was needed for the passing of the by-law.

Charles Reed Wins Oratorical Contest Held in School

Milton Utas is Grade 8 Winner; Bruce Sage, Andy Gilmour, Doug McNiece Also Competitors

Charles Reed won the Oral Composition Contest held in the Assembly Hall at the local school last week with a splendid talk on "The Manufacture of Glass."

Parents of the school children were asked to attend the contest and the hall was well filled. Milton Utas won the prize for the Grade Eight speakers.

There were in the competition three Grade 8 pupils, Milton Utas, Andrew Gilmour and Douglas McNeice, and two Grade 9 students, Charles Reed and Bruce Sage. A prize was offered for each grade.

Competitors spoke for 15 minutes each.

Charles Reed again carried off the prize which he won last year, handling in a masterly fashion his subject, "The Manufacture of Glass." Beginning with the accidental discovery of how glass could be made by shipwrecked sailors 3000 years ago, Charles brought his story up through the various processes of development until the present time, when there is more glass than any other material being used.

Tells About Marco Polo

Grade 8 winner was Milton Utas, who spoke on the travels of Marco Polo, the overland explorer of the 13th century.

A subject of anxious consideration by present-day statesmen, "The Future of Canada," was delved into by Bruce Sage, who told in a very clear manner of Canada's international relations and the policies on which she depends.

Andy Gilmour's subject was also one causing much anxious thought throughout the world today, "The Spanish Trouble."

"The Conquest of Mount Everest by Aeroplane" was the topic chosen by Douglas McNeice, and his story of the failure of various enterprises to accomplish their purpose was very entertaining.

The judges this year were Miss Irene Smith, Miss Marjorie West and Leslie Mathieson, all High School teachers.

Tickets were sold for the affair by the pupils and the sum of $23 was realized, which is to be used for prizes for the contestants, and also to give assistance to school sports.

Three Farm Houses Destroyed by Fire

Three buildings on Mr. Black's farm, two miles east of Chigwell, were destroyed by fire Thursday morning of last week. The flames started in the electric power plant building and quickly spread to his large chicken house and the machine shed.

Sports Day at Red Deer Successful

The Red Deer Inspectorate Field Sports Day, held in Red Deer on Monday, May 24th, was well attended by hundreds of school children from the entire district. Races were run off under ideal weather conditions.

F. H. Reed, C. E. Todd, J. Gilmour and D. Hay were the Lacombe men assisting the committee in running off the various events.

Students from the Lacombe and Bentley schools who carried off honors were:

Boys' Open, 100 yard dash—Alvin Trott, 3rd.

Boys under 20, 120-yard hurdles—Don Wilkes, 2nd.

Girls under 20, 100-yard dash—Kay Hay, 1st.

Girls' 220-yard dash—Kay Hay, 1st.

Girls under 19, 100 yards—Kay Hay, 1st.

Boys under 16, 100-yard dash—Allan Hewitt of Bentley, 3rd.

Boys under 16, 440 yards—Dick Boulter, 2nd.

Boys under 16, half mile—Dave Ferrell, 1st.

Boys under 16, 120-yard hurdles—A. Hewitt of Bentley, 2nd.

Boys under 16, shot put—Gordon Garries of Bentley, 1st.

Boys under 16, discus throw—Gordon Garries of Bentley, 1st.

Girls under 16, 100 yards—Kay Hay, 1st.

Girls under 16, broad jump—Kay Hay, 1st. Girls under 16, hop, step and jump; Kay Hay, 1st; Doris Danner, 3rd. Girls' under 16, high jump—Kay Hay, 2nd. Girls under 16, softball throw; Kay Hay, 1st.

Boys under 14, 100 yards—Doug McNeice, 2nd; 220 yards, Doug McNeice, 3rd; broad jump, Doug McNeice, 3rd; high jump, Doug McNeice, tied for 1st; shot put, Andy Gilmour, 1st.

Boys under 12, broad jump—Don Jamieson, 1st.

Girls under 10, 50 yards—Frances Rusk, 1st.

Boys under 8, 25 yards—Murray McKenzie, 1st; Edward Trott, 2nd. Mixed, under 7: Donald Baldwin, 3rd.

M.D. Crown to Hold Poll On Hospital, June 10

Special Meeting Held Tuesday to Consider Petition From Ratepayers, Asking For a Plebiscite on Question

A poll of the proprietary electors of the Municipal District of Crown will be taken Thursday, June 10th, for the purpose of giving the electors an opportunity to decide whether they are in favor of the plan for a Community Hospital within the Town of Lacombe.

Notices will be posted throughout the Municipal District in accordance with the terms of the Act. These notices will give complete information regarding the date and place of the poll in each polling division.

Full particulars of the proposed By-Law and Agreement have been published already in this paper but to clarify any misunderstanding that may exist and to further acquaint ratepayers with the plan of the proposed undertaking, the following is published for guidance. It has been ascertained that a number of ratepayers signing the petition were not fully conversant with the facts.

As many of the electors already know the Town of Lacombe is prepared to borrow by way of debentures the sum of $30,000, to be used for the erection and completion of Community Hospital in the Town of Lacombe. A vote of the electors of the Town of Lacombe has already been taken, with the result that the issue of these debentures has been overwhelmingly approved, 148 voting in favor of the proposal and 17 against it.

It is the intention of the Council of the Municipal District of Crown, if they receive the authority of the electors, to contribute the sum of $20,000 to the Town of Lacombe under an agreement whereby this sum is to be used by the Town of Lacombe for the purpose of meeting in part the amount of its indebtedness under the debenture issue.

The agreement provides that upon the Town finding the sum of $30,000, and arrangements have already been made by the Town whereby this sum will be available for the purposes of the scheme, the Municipal District will pay the sum of $20,000 to the Town in 15 annual instalments of principal and interest amounting to $2059.24. It is agreed that the rate of interest to be paid by the Municipal District of Crown will be the same rate as that paid by the Town and that this rate shall not exceed six per cent per annum.

Under the agreement it is provided that the duty of erecting, completing and equipping and, subsequently, operating the hospital, shall be upon a Board consisting of five members, two of whom shall be appointed by the Council of the Town from its own members, and three by the Council of the Municipal District of Crown from its own members. The members of this Board shall be appointed in the month of March in each year and shall hold

(Continued On Page Three)

Court of Revision Held On Tuesday

Six appeals against assessment of certain properties in town were heard by the Court of Revision at their annual sitting in the Town Office Tuesday morning.

Each case was given careful consideration by the Town Council, sitting as the Court of Revision, before any decisions were made. In each case, it was decided that the appeals were unwarranted and no change in the assessment of any property was made.

Those appearing before the Court of Revision were: David Calder, Russell Mowbray, W. H. Jackson of Innisfail and Mrs. Ada Harrington.

Around the Town

Mrs. Gordon Brown and daughter Shirley spent ten days in Loughed as the guests of Mr. Brown's mother, Mrs. Bella Brown. Mr. Brown joined them for the holiday week-end.

* * *

Mr. and Mrs. W. MacRobbie of Edmonton were week-end guests of Mr. and Mrs. O. Wilks.

* * *

Tom Carruthers of Calgary spent a few days visiting friends in town.

* * *

Mr. and Mrs. Arthur Cottrell and young son Glenn were visitors to Calgary over the holiday, where they were the guests of Mrs. Cottrell's mother, Mrs. Ada A. Smith.

* * *

Mrs. C. D. Marble, Mrs. T. Wilks and Mrs. H. J. Ford were hostesses over the week-end, complimenting Mrs. E. H. Perry of San Francisco, who is the house guest of Mr. and Mrs. R. Lawrence.

* * *

Jack Corbett spent the holiday week-end with his parents, Mr. and Mrs. E. O. Corbett, in Calgary.

* * *

Madame Fontaine, noted Palmist and Fortune Teller, will be in Blackfalds, at the Imperial Hotel, June 3rd. Also Tea Cup Reading. m27c

Mr. and Mrs. L. P. Minkler and family spent the holiday week-end in Delburne, visiting with Mr. and Mrs. Minkler's son-in-law and daughter, Mr. and Mrs. C. V. Neis.

* * *

Mrs. F. Pamenter of Westlock, Alta., was a week-end guest of Mr. and Mrs. Mel Parcels.

* * *

A Tea and Sale of Home Baking will be held by the Order of the Eastern Star, in the Adelphi Hotel, on Saturday, May 29th, from 3 to 6 p.m. Everybody welcome. m27c

* * *

Mr. and Mrs. Gloyde Williams are receiving congratulations on the arrival of a baby girl on Wednesday, May 26th, at the Lacombe Hospital.

* * *

Don't forget the Maytime Revue to be presented by the George School of Dancing at the Central Alberta Pavilion on Friday, May 28. Dance follows Revue until 2:00 a.m. Good time for young and old. Admission, including dance, 50c. Children under 12, 25c. m27c

* * *

Dr. and Mrs. F. D. Locke motored to Edmonton during the week-end to attend a family gathering. Mr. David Calder accompanied them home on Monday night, returning on Tuesday to his home in Edson.

Local M.L.A. Given Vote of Confidence At SoCred Meeting

D. B. MacMillan Tells of His Stand Regarding the Present Provincial Political Situation

Stating that he is not a "yes-man" nor yet an "insurgent," Bruce MacMillan, M.L.A., of the Lacombe Constituency, explained in a clear, concise manner his stand with regard to government policies, before a large gathering of Social Crediters at a meeting of Zone 5, in Lacombe on Tuesday evening.

"A 'yes-man' is of no value," he stated, and when he has differed with the Government it has been because he was trying to represent the best interests of his constituency.

Mr. MacMillan mentioned several bills to which he had taken strong exception. He had objected to the enlarged school areas, because of the financial outlay involved, which he believed the people were unable to meet at present. He had fought the bill to amend the Debt Adjustment Act, which would have taken away the Debt Adjustment Board and left such matters to the Clerks of Courts, and this bill had been killed on the floor of the House.

Opposed Marketing Bill

He opposed the bill regarding the marketing of all production in Alberta. He did not believe the principles of Social Credit were embodied in this bill. Mr. MacMillan said he was not criticizing either the "Loyalist" or "Insurgents."

Coming up to more recent developments, Mr. MacMillan spoke of the Social Credit Bill, No. 90. One reason why Social Credit is still inoperative, the speaker believes, is because the ministers have been so busy with legislation pertaining to their various departments that they have had no time to devote to legislating Social Credit, and he believes there should be a Minister of Social Credit, who could devote his whole time to that department.

With the presentation of an orthodox budget, argument arose and

(Continued On Page Three)

Liberals Appoint Delegates to Convention

Delegates from the Lacombe Constituency to the Liberal convention to be held in Calgary June 4 and 5 were appointed at an enthusiastic and well attended meeting of the Provincial Liberal Association of Lacombe, held in the Town Hall on Tuesday night.

A resolution, stating in brief "that this meeting is in favor of co-operation with the U.F.A. and Conservative parties in opposing the present government, and furthermore stands in favor of the holding of Joint conventions," was passed.

W. H. Somerville, president of the association, was chairman, and F. R. Riley, secretary.

Walter Scott, Former Local Farmer, Dies

Walter Scott, a former resident of this district, passed away at his home in New Westminster, B.C., recently. Mr. Scott lived on what is now the Stuart Taylor farm, south east of town, for 15 years, coming here around 30 years ago and residing in this community until 1922. Since his removal from his farm here he has resided in New Westminster.

He is survived by two brothers, John Scott, in England, and David Scott, New Westminster, and a sister, Mrs. Wm. Weavley, in England.

Ladies' Golf Tournament Starts Friday

The Ladies' Golf Tournament gets under way on Friday, May 28. The following draw has been arranged:

Mrs. Hay vs. Mrs. Fraser, Mrs. Hynes vs. Mrs. Owen, Miss Smith vs. Dr. Hamilton, Mrs. Gilmour vs. Mrs. Moore, Mrs. Marble vs. Mrs. Lawrence, Mrs. Warren vs. Mrs. Bowering, Mrs. Vickerson vs. Mrs. Pratt, Mrs. Irish vs. Mrs. Teare, Miss McClary vs. Miss Harrington, Miss Burnett vs. Miss Hunter, Miss Peterson vs. Miss D. Chisholm, Miss Masters vs. Miss Dunlap, Mrs. Nelles vs. Mrs. Williamson, Mrs. Jackson vs. Mrs. Brown, Miss Pratt vs. Mrs. Locke, Mrs. Wilson vs. Mrs. DeLong, Miss L. Chisholm vs. Mrs. Boyd.

Ladies taking part are kindly requested to post their score in the club house. All games must be completed by May 30.

Lacombe Old Timer Passes Away at Home

Orson Burrows, one of the original settlers of the Lacombe district, passed away quietly on his farm, four miles north of town, on Saturday morning, at the ripe old age of 83 years. Mr. Burrows, born in Lincolnshire, Eng., came to this country around 1894 and settled on the farm on which he died. He was an active farmer right up to the time of his death.

Mr. Burrows leaves to mourn his loss his wife; four daughters, Mrs. F. G. Howard of Stettler, Mrs. A. D. MacDonald of Royalist, Mrs. T. L. Porter of Lacombe and Mrs. R. N. Sherrer of Lacombe, and two sons, Stanley of Lacombe and James at Craigmyle, as well as several grandchildren.

Mr. Burrows is also survived by a sister, Mrs. Diana Jackson, in Utah, and two brothers, George in Mountain View, Alta., and Philip, of La Grande, Oregon.

The funeral took place from the Baptist Church on Monday, May 24, Rev. S. J. Waterman officiating. Interment was made at the local cemetery. Pallbearers, all grandsons of the deceased, were: Earl Howard, Glenn Howard, Ted Howard, Bill McDonald, Orrie Burrows and Jack Tolman.

Clive Girl Suffers Broken Arm In Car Accident

(From Our Clive Correspondent)

Muriel Cull of Clive received a broken arm when a party of Clive young people were en route to Gull Lake to attend a Young People's rally last week-end. The car, driven by Donald Ditzler, collided with that driven by Percy Cull on the Anderson Hill, five miles east of Lacombe.

In addition to the broken arm received by Miss Cull, Miss Vera Steadman and Bob Heald suffered severe cuts and bruises about the head and face. Other occupants received minor injuries.

Both cars were badly smashed up.

Fund for Relief of Fire Victims Grows

S. D. J. Boyd and H. J. Bailey Contribute to Fund; Money For Assistance Urgently Needed

The fund started last week by the Western Globe for the relief of residents in the fire-razed sections of the Rimbey-Breton area increased by only two dollars in one week. The need for the relief of these residents is urgent, and donating immediately to the cause will be of assistance in the burned-out area.

All money received will be turned over to the Edmonton Bulletin, which, in co-operation with the Edmonton Chamber of Commerce, the Salvation Army and the Canadian Red Cross, is sponsoring this worthwhile cause.

Donations, large or small, are equally acceptable and will be acknowledged through this paper.

Previously acknowledged	$2.25
S. D. J. Boyd	$1.00
H. J. Bailey	$1.00
	$4.25

Lacombe Swine Club Being Re-Organized

The Lacombe Junior Swine Club is in the process of re-organization, according to F. H. Newcombe, District Agriculturist, of Red Deer. Fifteen members are needed before the club can be operated for the year and only 11 members are available at the present time.

Anyone wishing to join the club is asked to contact F. H. Newcombe, Red Deer, or Roy Henderson, Lacombe.

Do You Remember-- 'Way Back When?

(From the Minutes of the Town Councils)

25 YEARS AGO—MAY, 1912

A motion by Councillor J. Fraser, seconded by Councillor G. H. Hutton, that the secretary be instructed to write to the Attorney-General and ask him to instruct the Mounted Police not to interfere with cases within the limits of the Town of Lacombe, as the town now has two constables in its employ.

A by-law to raise $2,270.22 to defray the cost of certain local improvements was passed.

20 YEARS AGO—MAY, 1917

E. J. Tett was presented with a gold-headed cane by Mayor W. N. Morrison on behalf of the Town Council for the fine work he had done while acting as secretary-treasurer of the town.

Councillor Swiner reported verbally on the Lacombe and Blindman Valley Electric Railway using Railway St. for their line, and thought the council should confirm this step by means of a by-law, which was then read and passed.

Morningside

MORNINGSIDE—The W.M.S. met at the home of Mrs. Bowie last Thursday, Mrs. S. Chesney, president, presiding. Meeting opened with singing of "O Worship the King," followed by Scripture lesson, taken from 2nd Kings, 2nd chapter, and then all repeated the Lord's Prayer. Mrs. Bowie read from the Missionary Messenger "A Prayer for the King."

Mrs. Chesney read a press copy of the crowning of the King, and Mrs. Sutherland read "Romance of Far Horizons," by Jean Carter Cochrane, from the Messenger.

Describes Hospital Work

Mrs. A. C. Bowie gave a description of the work done in the Children's Hospital in Toronto. Mrs. Bowie was appointed Strangers' Secretary to fill the vacancy made by Mrs. Preston moving from the district. The closing hymn was "O God Our Help in Ages Past." Mrs. Chesney closed the meeting with prayer. June meeting is to be held at Mrs. Wheeler's, when the Fairview Ladies' Aid will be present.

WOOD PULP

Four per cent of the wood cut yearly in North America is used in making paper.

Clive Baseball Tournament Well Attended

(From Our Clive Correspondent)

CLIVE—The Clive baseball tournament, held on May 24th, was a decided success, with a large crowd in attendance. The event netted the club a nice sum to start the season's operations.

The day began with a softball game played by the Alix girls against the Clive girls, three innings resulting in a 30-11 victory for Clive.

In the first baseball game Clive took the long end of a 10-2 score with Delburne.

Alix and Morningside played the second game, the score being 3-0 for Alix.

Home Team Wins

The evening game was played by the winners of the two previous games, the score being 5-0 in favor of the home team.

A special picture show was put on in the hall at 7:30, after which "The Four Swingsters" provided the music for a capacity crowd at the dance.

A year's vacation is awarded to professors in some U.S. institutions every seven years.

Provincial Election Not Wanted by Party Leaders

Blackfalds

BLACKFALDS. — Local farmers smiled cheerfully at the rain which fell over the week-end. The station rain-gauge recorded a fall of 1.3 inches, and as it lasted over a period of several hours, it soaked well into the parched soil.

We regret to have to record the death of Mr. and Mrs. E. Olive's son a few days after his birth. The sympathy of the community goes out to the sorrowing parents.

The W.W. held a plant sale at the Hall last Saturday and it turned out to be quite a success. In the near future the same organization is putting on a concert of local and other talent, and it is expected to be very entertaining. Their next meeting is to be held on June 3rd, at the home of Mrs. McEwan.

Miss Martha Blis was home for the week-end from Edmonton, and Miss Smith spent the long week-end in Edmonton.

Lose Hard-Fought Game

The boys of the upper rooms visited Red Deer on Monday to play off their softball game against Delburne but were unfortunately beaten 10-6 after a hard-fought game, which was somewhat marred by errors.

A humorous softball game was played between the married men of Lacombe and Blackfalds last Wednesday. Errors were plentiful but they only added to the amusement of the onlookers. As Blackfalds was short of married men, Mrs. E agreed to adopt Irwin Goodwin for the duration of the game, but we understand the partnership was dissolved immediately after. Red "Ruffing" Olson was on the mound for Lacombe and found his first baseman rather inattentive when it was necessary to try and throw out the runner on first base. E. Hale pitched for Blackfalds, and when after the fourth inning Blackfalds led by 10-9 the umpire was prevailed upon to call the game due to darkness.

Ashley Bills spent the week-end with his grandparents.

Fred Lofgren has written to report his safe arrival in Los Angeles.

The sympathy of the community is extended to Mr. Clarke, who lost his sister last Wednesday. He was in Edmonton on Saturday last to attend her funeral.

Aberhart Draws Severe Criticism By Dismissal of Civil Servants After Years of Service

By T. B. WINDROSS

EDMONTON—Protests against recent dismissal of civil servants after long years of faithful service to the province are increasing in Edmonton and the Social Credit government which came into power on the greatest wave of popular favor any government has ever enjoyed in Alberta, now promises to become the most unpopular government ever in office at Edmonton.

"This government is turning an unequalled opportunity for doing real service to the people into a tragic failure, it seems," a prominent Edmonton business man declared during the week.

Sunday afternoon over the air from Calgary, Premier Aberhart made what some people call an appeal for peace in the ranks of the Social Credit legislature. Referring to it Monday morning, a well-known political observer said: "The Premier means well, but he hasn't the slightest idea of how to reconcile his disgruntled members to himself. Could anything be more tragic than to hear a public man declare 'We must bury the hatchet' and then two minutes after wield that weapon mercilessly against his critics?" He declared that there was only fuel for fresh bitterness in the Premier's statement and appeal over the air.

"What Mr. Aberhart really said was in effect: "We must take off our coats and get down to work for Social Credit, but you must come to heel like good doggies or else I'll go to the country and ask the people to put you out!" this commentator stated.

It seems more than ever clear that, despite his protests, what the Premier wants is an unconditional surrender on the part of the "insurgents" or else an election.

Speaking of elections, the writer has made it his job during the last few days to inquire into public opinion on the matter of an election. None of the old line parties want one now because they consider the time inopportune. "The people as a whole have not had quite enough of the present government experiment to make them turn from it forever, and besides, we are not prepared for an election," one party leader declared.

Another prominent opposition politician declared: "Mr. Aberhart is a poor judge of public opinion if he sincerely believes the majority of people are behind him and his government today. The Premier is gauging the situation entirely from the support given him by members of the Social Credit League in groups all over the province, and fully half of them are not supporting him. He knows very well that the Social Credit groups do not represent anything like a majority of the voters and he is just bluffing," this member declared.

The news of real importance during the week has been the reported cable message from Glen MacLachlan, chairman of the Social Credit planning committee, who is in London persuading Major Douglas to come to Alberta. The text of the cable has not been revealed, although it has been known to the Premier for some days before the committee met. It is declared, however, in some quarters, that Major Douglas has agreed to act as technical adviser from a distance and will direct matters from London.

CANADA'S EXPORTS TO JAPAN SHOW ADVANCE

Although Australia is still the chief supplier of wheat to Japan, her exports to that country decreased in 1936, in company with Argentina and Manchukuo, while Canada, the second largest exporter of wheat to Japan, increased her exports in wheat by 81.5 per cent in quantity and 75.3 per cent in value, compared with 1935. The exact amount was 83,521,441 bushels.

Tees Tattle Tales

By TATTLER

TEES—During the past week-end, the boys have been busy building a secret hide-out down in the tall timber. They also intend damming up the creek and having a swimming pool. The first dam was washed out when the water got heavy enough to dislodge the obstruction, and the present intention is to build a stronger and higher one, or to hire a couple of beaver to come in and engineer the job.

Mrs. Hjalmar Johnson returned from Alix, the proud mother of an 8½-pound boy. Hjalmar says that if the baby is restless he is going to rig up his big wind generator to the cradle and rock the baby by electricity. He hopes it won't be necessary. Mrs. Johnson's younger sister has been visiting from Edmonton during the past three weeks and has been enjoying the quiet country life after the rush and bustle of the city.

Mr. and Mrs. Tom Cunningham, accompanied by their daughter Elsie, Miss Lillian Goberg and Chas. McDougall, motored to Bowden to spend the holiday. On their return they advised that everything was lovely in the garden but the heavy rain kept them to the graveled roads and they were unable to get around as much as expected.

Miss Putnam and Mr. Hunt, of the local teaching staff, spent the holiday in Calgary, returning rather tired from the trip by bus, after having to dodge rain and flying missiles during the high winds of Friday and Saturday.

Crops in Good Shape

With a couple of beautiful rains during the past week, the crops are making wonderful headway, and ir no pests or hail get a foothold on the grain we should harvest a bumper. So far only scattered reports of cutworms doing any damage have been received.

Among the sport fraternity, Tees girls defeated Alix at that place, Tees High School boys were beaten by Clive in softball, and the Tees men's hardball team was beaten by Nebraska.

The measles are ending their seige and the balance of the kids are just getting out of isolation. Practically everyone has now had them in the district, so we should not be affected by another epidemic for several years.

The soil was a little wet for planting potatoes on May 24th, so they will have to be put in later. The kids in the country sure got a break this year.

Divine service will be held in the United Church at Tees on Thursday, May 27th, at 8 p.m. Rev. S. J. Waterman of the Baptist Church, Lacombe, and Rev. G. A. Kelly's will conduct the service. All welcome.

Lakeside

LAKESIDE. — Mr. and Mrs. J. Golley and family spent the week-end in Edmonton, visiting their daughter.

D. Jaffray is receiving medical attention in the University Hospital at Edmonton.

The May meeting of the Lakeside Social Workers' Club, at which a cushion was raffled, was held at the home of Mrs. Galloway. Thorvald Burskow drew the lucky ticket.

The Rocky Mountain Rangers will put on a program in the Lakeside School, Friday, May 28th, under the auspices of the Lakeside Social Workers' Club.

Miss M. Martin spent the week-end with friends at Gull Lake.

Sunny Crest Specs

By SPY

SUNNY CREST.—Mrs. B. F. Barr was taken to the Lacombe Hospital last week and is reported much better.

E. Madsen of Alix has been painting the home of H. A. Woods.

The Baptist picnic, held at McLaurin Beach was well attended. Race winners from Sunny Crest were: Hazel Woods, first in the six years and under class; Arthur Woods, second in eight years and under race; Harvey Fisher, first in the young men's race; Herbert Woods, second in the men's race; Mrs H. Woods, second in married ladies' race; Norman Miller, first in six years and under class.

Rev. McLaurin to Speak

Rev. C. C. McLaurin will be the guest speaker at Sunny Crest School on Sunday, May 30th, at 11:30 a.m.

A merry group, guests of Miss Marshall, occupied the Marshall cottage over the holiday week-end.

Roy Gee is up and around again after being under the doctor's care.

Labrador has been a possession of Newfoundland since 1920.

TAXES TOTAL 25% OF SALES

Industry in the United States pays 34 cents in taxes for every dollar it expends on payrolls, the National Association of Manufacturers reported a few weeks ago.

Association officials declared the figures were based on a survey of conditions in 694 companies, representing 25 leading industries. For each dollar paid in dividends, the taxes paid were $1.42.

As already known, the oil industry was the leading contributor to the treasuries of the last jurisdictions. Its taxes were 25 per cent of its sales.

Public utilities, according to the report, paid in taxes 59 per cent of payrolls, $1025 per employee, 16 per cent of sales, and 81 per share of their common stock.

Twin Bill At Avalon Two Good Features

"Sing Me A Love Song" features in a twin bill presented at the Avalon Theatre this Thursday, Friday and Saturday. The picture starts out as a light musical romance and suddenly develops into a comedy panic when Hugh Herbert throws himself into high and exhibits every trick of the comedy trade. Herbert plays the part of a millionaire kleptomaniac in a department store and steals everything in sight. Zasu Pitts backs Herbert ably in the comedy roles. James Melton and Patricia Bliis provide the romance.

The other picture is a western of westerns, George O'Brien in "Border Patrolman."

FOR OTHER PURPOSES

During the 18th century, the desire to make walking sticks or canes useful as well as ornamental led to their adaptation as telescopes and pedometers.

FORWARD CONTROL

CHEVROLET TRUCKS offer you 4 BIG ADVANTAGES

Chevrolet offers Forward Control models to fill out the widest range of trucks in the low-price field. For helpful information, specifications and prices, see your local Chevrolet dealer. His training, plus his accessibility to the vast General Motors research facilities qualify him as a competent advisor in the purchase of your new truck.

1 BIGGER PAYLOADS are provided for by simply changing weight distribution to the extent that the front axle is assigned a bigger portion of the payload.

2 SHORTER LENGTH and greater compactness are achieved by reducing the distance between the back of the cab and the front bumper. From the payload standpoint, space taken up by cab and power plant is dead space. Therefore, any reduction in this dimension becomes profitable load space. Compactness, incidentally, is important where restricted vehicle length is a legal factor.

3 EASE OF HANDLING results from the fact that this type of construction permits the use of shorter wheelbases per foot of body length. The "turning circle" is smaller . . . manoeuverability easier.

4 NOVEL APPEARANCE . . . a product of the latest transportation design . . . attracts attention and serves as a travelling advertisement for your business.

Spruceville

SPRUCEVILLE. — The regular monthly U.F.W.A. meeting will be held next Wednesday afternoon, June 2nd, at the home of Mrs. Nelson Hall. The roll call will be answered by "What I Would Study Now, Given Time and Opportunity." After the usual business period, a social afternoon will be spent.

Mrs. Ed. Stout is staying with Mr. and Mrs. Roy Rice.

At the U.F.A. meeting Tuesday, the proposed hospital was thoroughly discussed, all present being in favor of the plan.

Mrs. Bruinsma is unfortunately ill again, although latest reports are that she is improving.

German Measles in District

German measles is spreading rapidly throughout the district. Although it is not serious, it is very unfortunate for the school children reviewing their work prior to next month's exams.

Mr. and Mrs. H. E. Heath motored to Edmonton Tuesday and brought back Mrs. Heath, Sr., to stay again at her son's farm in the Woody Nook district.

George Prins of Edmonton was a week-end visitor at the home of John Prins.

President Wm. McKinley of the United States was assassinated in the year 1901.

M.D of Crown to Hold Poll June 10

(Continued From Page One)

office until their successors have been appointed. The powers of this Board are limited by Paragraph 9 of the Agreemnt to the duty of completing and equipping the hospital and to its management and control thereafter. In everything that it does it is subject to the Councils of the Town and of the Municipal District.

The agreement does not propose to make any change in the present responsibility of the Town or the Municipal District for liability for their indigent sick.

Residents of the Town and of the Municipal District will have priority over residents of any other area. The amount of the hospital charges shall be determined by the Board, which shall be known as "The Lacombe and District Community Hospital Board," and the hospital shall be known as "The Lacombe and District Community Hospital." It is impossible to say what the rates will be. The proposal is based upon the experience of the Municipal District of Montgomery and the City of Wetaskiwin in the formation of their community hospital. The Board of that hospital has found that they are able to operate on a $2.00 per day public ward charge for residents and a $3.00 per day public ward charge for non-residents.

Any operating deficits incurred by the Board will be apportioned between the said parties on the basis of the number of hospital days of patients who are residents of the Town and the number of hospital days of patients who are residents of the Municipal District.

The agreement will continue for a period of 15 years. After that time it may be terminated by either party giving to the other 12 months' notice in writing. In the event of the agreement being terminated in this manner, the affairs of the hospital shall be wound up and the proceeds realized divided between the Town and the Municipal District on the basis of one-third to the Town and two-thirds to the Municipal District. As long as the agreement remains in effect the Municipal District shall be deemed to be the owner of a two-thirds interest in the hospital, its equipment and all its assets, while the Town will be deemed to be the owner of the remaining one-third.

In addition to providing one-third of the cost of erecting the hospital the Town of Lacombe undertakes to provide the Hospital Board with a site for the hospital free of charge to the Board and also undertakes to provide proper sidewalks to the corner of the proposed site, water and sewage connections, street lights and hydrants for fire protection,—all this without any expense to the Board.

The Board of the Lacombe Hospital has agreed to transfer to the new Board when set up all its holdings including the present hospital and nurses' home connected therewith, all equipment, furniture, furnishings and supplies contained in both buildings, all the bills receivable now owing to the present hospital, investments in bonds amounting to $3,000 and cash amounting to approximately $2,000.

Under the proposed scheme the total amount for which the Municipal District of Crown can become liable is the amount shown in the Agreement, namely, $20,000 or an nual payments of $2059.24. In order to raise this sum there will be an increase of 5-9 of a mill in the rate of taxation applicable in the Municipal District. This means that each ratepayers would be taxed on his assessment as follows:

Amount to be raised each year, $2059.24.

5-9 of one mill on $3,719,138 would be $2066.19.

On a farm valued at $1500 the additional tax for one year would be 83 cents.

On a farm valued at $2000 the additional tax for one year would be $1.11.

On a farm valued at $2500 the additional tax for one year would be $1.39.

On a farm valued at $3000 the additional tax for one year would be $1.67.

Assessment

Farm Lands Assessment	$3,572,478
Farm Lands Improvements	14,175
Subdivision Improvements	55,360
Elevators, Etc.	66,225
Rly. Improvements	11,900
	$3,719,138

It is the only tax that can be levied against property in the Municipal District under the terms of the Agreement.

There is only one other community hospital in the Province of Alberta organized along these lines, that is the Wetaskiwin Community Hospital. Their experience has been that they have been able to have a substantial operating surplus each year and this surplus has been refunded to the contributing councils. Whether such a refund is desirable or not will have to be decided by the new Board. It has been suggested that instead of making refunds the cost of hospitalization should be reduced.

It has also been suggested that the Board should consist of members who are not members of the councils. In the Act which will have to be submitted to the Legislature validating the Agreement, provision is made that the Agreement can be changed at any time with the approval of the Minister of Health. If, in the opinion of the Councillors, or of the taxpayers, the personnel of the Board should be changed, that can be done in the manner provided by the validating legislation.

Commanded Dirigible

Captain Max Pruss, making his first transatlantic flight as commander of the huge zepellin Hindenburg, was one of those seriously injured when the dirigible crashed at Lakehurst, N.J., with a loss of 32 lives. Captain Pruss was thrown from the ship by the terrific explosion and was taken to the hospital suffering from burns.

Provincial President Visits Local Lodge

Mrs. Jean Gordon, President of the Provincial Rebekah Assembly, I. O. O. F., Medicine Hat, was an official visitor at a special meeting of Lacombe Rebekah Lodge 101, on Thursday evening, May 20th. Mrs. Gordon brought a beautiful message to the members on "What It Means to Be A Rebekah." The principles of the order, "Friendship, Love and Truth," are, she said, the three essentials to human happiness, and by striving daily to live out these principles, members are rewarded by a development of character rich in unselfishness and spirituality.

Mrs. Nettie Little, of Red Deer, read her commission as deputy president of District No. 9, and congratulated the local degree team on the excellence of their work. Other speakers were Mrs. J. Owen, Noble Grand of Albert 77, Red Deer, and Don McCallum, son of Mr. and Mrs. Thos. McCallum, of Edmonton, Past Grand Master of the Grand Lodge and Past President of the Rebekah Assembly respectively.

Two candidates were given the Rebekah degree by the seven-sister degree team, and their captain, Miss Eva Shaw received many complimentary remarks on the quality of their performance.

Lunch was served following the meeting and Mrs. Gordon was made the recipient of a small gift. Red Deer members led by Mrs. Little expressed their thanks and gave three hearty cheers for the hostesses of the evening.

WHEAT FOR FEEDING

The amount of wheat in Canada used as feed for livestock and poultry during the crop season 1936-37 is preliminarily estimated at 12,774,000 bushels, a decrease of 8,000,000 bushels from the former season. The decrease occurred almost entirely in the Prairie Provinces and was due to the smallness of the crop, its high quality and the higher prices prevailing during the current season.

Soviet Russia claims that its agriculture is now mechanized on the largest scale in the world, with 400,000 tractors at work and 63,000 to be added in 1937. It is planned to bring the number of combines up to 118,000, to double the number of grain seeders and triple the number of cultivators.

M.L.A. Given Vote

(Continued From Page One)

many of the M.L.A.s insisted that Social Credit legislation be included in the budget before it was passed, but, asked Mr. MacMillan, why argue up and down over the province concerning the phraseology of the two S.C. bills, when the underlying principle is the same, and when the technicians, who are being asked to handle the matter, may not want either bill.

Says Stand Is the Same

While he has been accused of "riding two horses," Mr. MacMillan said his stand is the same now as at his election, and he does not believe in indulging in personalities. Nothing had been done in 20 months to institute Social Credit, but if the so-called "split" in the ranks results in obtaining technicians who will assist in putting in Social Credit, then perhaps it was a good thing it occurred, said the speaker.

"I will not support legislation which I consider detrimental to the people I represent," said Mr. MacMillan in conclusion, "and neither will I cross the floor of the House. After being elected on a Social Credit platform, wouldn't I look absurd crossing over to the Liberals and Conservatives? Rather than be a "Yes-man" I would walk out of the House."

W. J. Trott, zone president, presided, and P. Webb of Bashaw, member of the Alberta Social Credit League Board, outlined some of the work performed by the Board since its inception.

T. F. Roberts, president of the constituency, asked that the meeting discuss matters cooly. Following the public meeting, a zone meeting was held and a resolution passed asking that Mr. MacMillan continue to take such steps as in his best judgment will implement the instution of Social Credit.

A second resolution was passed asking the Government that under no consideration should an election be held now.

John Lang was elected vice-president of Zone 5 to replace Robert Cole, who has moved from the vicinity.

Cow In Quebec Sets Record

OTTAWA. — Macdonald Dorothy, a cow in the herd at Macdonald College, Ste. De Bellevue, Quebec, has established herself as the highest Ayrshire butter fat producer in the world, the Canadian Ayrshire Breeders' Association announced recently.

In the past 13 years the cow produced 154,081 pounds of milk, 6452 pounds of fat, average test 4.18 per cent, in nine lactations or 3264 milking days.

This record ties that of Springburn Lovely Pet, which also produced 6452 pounds of butter fat with 156,215 pounds of milk in 3644 milking days. Springburn Lovely Pet is dead, however.

Barg Dusky Maid, an Ayrshire cow in the herd of Dr. H. A. Bruce and Son, Todmorden, Ontario, has now produced a total of 102,171 pounds of milk, 4267 pounds fat, average test 4.18 per cent in 3416 milking days.

WHAT DO THEY LOOK LIKE

Better business is cited as the reason that there are now 70 per cent more $10,000 bills in circulation than there were last year at this time.

Salaries of Movie Stars Top Those of Many Executives

WASHINGTON—Salaries of movie stars topped those of business executives in corporation reports disclosed by the Securities Commission.

The highest was $227,500 received by Kay Francis from Warner Bros. pictures for the year ended August 29, 1936. The picture company paid Joe E. Brown $201,562 and Leslie Howard $185,000. Its attorney, Jas. R. Reid, received $100,000.

Universal Pictures Company, the other movie concern whose report for last year has been filed, paid its top salary of $105,000 to Director Jas. Whale. Irene Dunn ran a close second with $102,777.

The Cudahy Packing Company gave President E. A. Cudahy, Jr., $75,020, and the Firestone Tire & Rubber Company paid its chairman, Harvey S. Firestone, $85,000.

The Andrew Bonar Law, noted British statesman, was born in Canada in 1858.

Club Cafe, Entirely Renovated Opens to Public in New Array

Interior of Building Completely Redecorated; New Booths, Counter, Etc., Built; Up-to-Date Equipment and Furnishings Installed

The Hop Chung Cafe is no more! In its place has arisen the Club Cafe, new not only in name but also in appearance. May Fong Mah and Mah Ho, proprietors of the "Club," have completely renovated the building. A new counter and new, comfortable stools have been installed. Booths have been replaced by new ones of more modern design. Newly decorated walls and ceiling add much to the appearance of the "Club," which is now one of the finest cafes between Calgary and Edmonton.

Modernistic lights and electrical fixtures have replaced those of old design.

Equipment too, has been renovated. A new water cooling system has been installed for the purpose of keeping water, milk and cream cool, even in the hottest weather. Accessories throughout the building have been changed, altered or entirely replaced.

The soda fountain, a popular rendevous especially in the hot weather, has been brought up-to-date with the latest modern inovations and your favorite ice cream or soda, will be supplied to meet your individual taste.

Over $2,000 has been expended on the interior of the building, and the cafe is one which is a credit to the Town.

Handicap Golf

(Continued From Page One)

P. Danner and H. Sellers vs. Bill Fraser and D. McKerricher.

George Brown and Ted George vs. D. Hay and T. J. Crundwell.

Handicaps for 1937

Handicaps for the year 1937 are:

Eight—F. O. Vickerson, E. H. McCaugherty, I. O. Irish, John MacDonald, G. T. Jackson, Harry Teare, H. M. Henderson.

Twelve—J. E. Corbett, R. B. Nelles, J. Morrison, S. R. Mutch, D. F. Chisholm, H. S. Trame, Dr. MacLean, Dr. K. Thompson.

Fourteen—Bob McCaugherty, G. W. Sweet, M. G. Cruikshank, J. S. McCormick, Bob Todd, C. Hampson, C. D. Marble, W. N. Morrison.

Sixteen—Jeo Taylor, Bill Harrington, P. Danner, F. E. McLeod, Dr. Locke, George Brown, Dr. McGougan, Dr. R. Hamilton, Dr W. A. Henry, Frank Adamson, Bill Fraser.

Eighteen—Bob Ross, Frank Thorp, David Hay, T. J. Crundwell, R. Lawrence, W. R. Burris, Dr. McPherson, James Harrington.

Twenty—H. Sellers, P. W. Pratt, C. W. Sweet, E. A. Bowering, H. A. Ferguson, Jack McCaugherty, Don McCormick, Al Price, Bob Warrior, Bert Ford, Ted George, Dr. Moore, George Doherty, T. W. H. Lewis, Don Wilkes, C. R. Haverstock, Dr. Adinell, Dr. W. T. Hynes, S. Chapman, James Fairbairn, P. C. Owen, S. J. Boyd.

Twenty-Four—Jesse Fraser, Joe Mack, Bill Swanson, C. D. Williamson, G. E. DeLong, Thomas Wilkes, Don McCallum, Dr. Michie, B. Godfrey, D. McKerricher, W. L. Chisholm, James Hampson, Ned Chapman, James Pike, Al Meston, C. R. Lewis, R. Warren.

Anyone not satisfied with his handicap, kindly turn in signed score cards for three consecutive games.

The Weekly Newspaper

Turning from the city newspapers to the small town exchanges that come to the editor's desk is like stepping from the slums, full of vice, into an old-fashioned garden sweet with lavender and thyme, and the scent of perennial flowers. The pages of the big dailies are so full of murder, thievery, immorality and selfishness, that the better news is obscured by glaring shatterings of the Decalogue. One puts the papers aside with a feeling of depression and heartache that the world is so full of terrible and unhappy things.

Then picking up the papers that record the happenings of the little towns around us, one gains renewed faith in life. Here are set forth only that which uplifts a community—the activities of the business men, the church items, the happy social gatherings of the people, the marriages, births and deaths, farmers' items and all the thousand and one daily occurrences that make up the simple annals of the great common people, who are really the foundation of this broad country of ours.

Scandals are rarely pubished in the country newspapers, but if it so happens that decency demands it, the uglier details are omitted, or given a kindly touch that is widely different from the unfeeling publicity of the city press. The offenders may be our neighbors or people we have rubbed elbows with all our lives. They are real human beings to their townspeople, while to the great city dailies they are merely grains of a sort that are ground out hourly in their news mills.

Some times people speak lightly of the country newspaper, but it is one of the most potent and uplifting factors in our national existence. —Boston Monitor.

TAINTED?

Five-year-old Betsy, who lived next door, was a frequent caller at a neighbor's house; calling one morning while she was doing her kitchen work, the child eye a piece of cake on the kitchen table.

"Betsy, do you want that piece of cake?" asked the neighbor.

"Well—don't you want it?"

"No, I don't want it."

"Don't Misser Tully wants it?"

"No, Mr. Tully doesn't want it."

"Well, then, don't Drammuver Tully wants it?"

"No, she doesn't want it."

"Well," desperately, "don't Tommy wants it?"

"No, Tommy doesn't want it—no one in our house wants it, so you may as well have it if you like."

"Well," suspiciously, "Mrs. Tully, what's the matter with it?"

General Sheridan, famous in the American Civil War, died in 1888.

Flying Boat Device Allow Taking-Off With Cold Engines

LONDON.—Motor car designers here are interested in a device fitted to the giant flying boats now going into service on the Empire routes. This invention enables the aircraft to take off direct from their moorings as soon as the engines are started—without any preliminary warming up by taxiing back and forth among the shipping.

By means of an automatic by-pass in the engine's oil-pipe circuit an extra volume of oil is delivered to the working parts while the engine is cold and oil circulation is sluggish.

Since motor car cylinders are worn mostly when warming up, it is expected that some such device will be employed on future car models. Meanwhile, a certain brand of oil is being sold which flows more freely when cold so as to provide the immediate circulation required to protect the working parts.

NONCHALANT

With half a hundred people looking on, he stepped up to his ball, took a mighty swing, and missed. Again he addressed the pellet, swung and whiffed. A third time he tried, but to no avail. The crowd became highly embarrassed. But not so our hero. With a nonchalant smile he farmed to the assembled multitude and remarked, "Tough course, isn't it?"

Fernando Magellan discovered the Strait of Magellan in 1520.

Clive — Confirmation Service at 4 p.m. by Rev. L. Ralph Sherman, D.D.

CHRISTIAN SCIENCE

At all Christian Science churches next Sunday, the subject of the Lesson-Sermon will be "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced." The following is one of the Scriptural quotations contained in the Lesson-Sermon: "Many of them also which used curious arts brought their books together, and burned them before all men: and they counted the price of them, and found it fifty thousand pieces of silver. So mightily grew the word of God and prevailed" (Acts 19:19, 20). One of the correlative passages from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, is as follows (page 206): "Will-power is capable of all evil. It can never heal the sick, for it is the prayer of the unrighteous; while the exercise of the sentiments—hope, faith, love—is the prayer of the righteous. This prayer, governed by Science instead of the senses, heals the sick."

Fairview

FAIRVIEW.—Mr. and Mrs. Fred Stewart were Edmonton visitors over the week-end.

Our play was given a good reception and members of the cast were given a good time at the Ferrybank hall last Friday.

On Friday, June 4th, Wood River will bring its play, "When Sally Comes Home," to the Fairview church. This is a three-act play, with seven girls and four boys in the cast. The Ladies' Aid is holding its annual ice cream social on the same evening.

Morris Flewelling is attending the annual United Church Conference at Calgary as lay delegate for the Morningside charge.

The World of Wheat

By H. G. L. STRANGE
Director, "Crop Testing Plan"

The University of Saskatchewan has rendered signal service in the Canadian battle against the dread reaper—RUST.

In the earliest days of this fight—which now happily seems to have been won for Western farmers—the University of Saskatchewan was chosen as an important research institution, under the direction of Professor W. P. Fraser.

This able scientist made important and valuable findings about the origin and spread of rust infection, the part played by air currents as an agency in the spread of the rust.

Meanwhile, Dr. W. P. Thompson, also at the University, since 1915 had been conducting breeding work for rust-resistance, and during 1918-19 had made many crosses. Since then, the breeding work at the University, under the direction of Professor Manley Champlin and Dr. J. B. Harrington, has gone steadily forward, culminating in the valuable rust-resistant variety, Apex, now licensed for distribution, and which is the result of a cross made in 1929 between (11-48-24 x Double Cross) and Marquis.

Apex yields as well as Marquis, and is equal to that variety in baking strength and flour color. It is now being intensively tested against Thatcher and Renown.

Following factors have tended to raise price—Rains needed over large areas of prairie provinces and U.S. spring wheat belt; European large takings of export wheat continue; rains needed in large portion of U.S. southwest; Argentine corn yields said to be under expectations; drought prevails in North Africa.

Following factors have tended to lower prices—Rains relieve drought in Australia; uncertainty about the possible devaluation of gold; fear that the U.S. administration is endeavouring to stop price of many commodities rising; favorable European prospects for fruit crop; barley cutting under way in Tunis; U.S. winter wheat crop near maturity.

Haynes

HAYNES.—Seeding is now finished in this district and should come along rapidly after the rains which visited this place over the week-end.

The neighbors of Mr. Davidson all gathered at his place a short time ago and put his crop in for him, the women folk taking the dinner and making a real picnic of it. It was quite a sight to see so many outfits, including 46 horses, working in the field at one time.

The neighbors having outfits in the field were C. Mills, A. Lakeman, T. Semple, A.Moorehouse, F. Ralston, J. Cameron, J. Daly, W. Claxton and J. Paull. Mr. Davidson has not been feeling well this Spring and certainly appreciated the kindness of his neighbors.

Moved to Calgary

Mr. and Mrs. Cardamore and family have left Haynes for their new home in Calgary. On the eve of her departure, Mrs. Cardamore was presented with a lovely serving tray by the Haynes Ladies' Aid.

Mr. and Mrs. Wong and Ronald and Mrs. Moorehouse were Edmonton visitors last week.

The Mirror orchestra has been engaged to play for the dance which the Ladies' Club is holding May 28th.

The May meeting of the Haynes Ladies' Aid was held at the home of Mrs. Moorehouse, with a large turn-out of members present. Roll call was answered by each member reporting on her celebration at Coronation Day. One member gave a very nice report on the celebration held in Lacombe. Plans were made for a picnic to be held the first part of July. After the business, tea was served by the hostess, assisted by her daughter, Mrs. A. Lakeman.

Mrs. Huff and Mrs. Hopkins will entertain at the June meeting, to be held in the church, when the ladies will give the church its annual Spring cleaning.

Mr. and Mrs. K. McLeod were Edmonton visitors last week.

Mr. and Mrs. R. Bullis and family and Mr. and Mrs. J. Roberts and Jean, of Lacombe visited at the home of J. L. Paull on Sunday.

Bentley

BENTLEY.—Mr. and Mrs. Hergott and Clifford and Mr. and Mrs. Willie and little daughter Shirley motored to Edmonton to spend the holiday with relatives.

Mr. and Mrs. George Davidson and daughters from Field spent the Victoria Day holidays with Mrs. Davidson's father, J. G. Blish.

J. C. Carritt was honored on May 14th, his 73rd birthday, by patrons and boxholders of Bentley Rural Route No. 2 when they presented him with a large upholstered easy chair. Mr. Carritt retired March 30th following 15 years of service on the route as courier.

Mr. and Mrs. Fred Marriot have taken up residence at one of the cottages at Gull Lake. They will take charge of Tom Lorimer's store at Aspen Beach for the resort season.

Orchard Now In Bloom

The small orchard of J. C. Carritt is a mass of bloom at the present time. Quite a few trees are blooming this year for the first time. There are Nanking cherries, plums, crab apples and Standard apples in bloom.

Harry Damron has sold his residence property to Mrs. Cole, who has taken up residence there. Mrs. Cole, we believe, arrived recently from New York.

Mr. and Mrs. Damron and Helen will return to take up residence in Washington or Oregon, we understand. This family has lived here for a good many years and they have many friends, who will be sorry to see them go.

Corporal and Mrs. Shandruk were down from Edmonton for the holiday, with Mrs. Shandruk's relatives.

Clive

CLIVE.—Miss Iva W. Hunt of Rockyford was visiting friends here over the holiday.

Miss Alma Frank of B.C. has been visiting her sister, Mrs. Adam Stumpf, during the past week.

Dr. Black had the misfortune to lose four of his outbuildings by fire last Wednesday. The origin of the fire is not known.

Mrs. Wood, a former resident of Clive, now of Wetaskiwin, is visiting here at present.

We are sorry to report the death of little Bobbie Stewart, two months old, son of Mr. and Mrs. Earl Stewart, who passed away after a very short illness on Wednesday last. The funeral was held Thursday afternoon at the residence, one mile east of town. Interment was made in the Clive cemetery.

David Spink has been seriously ill in the Lacombe hospital.

Chigwell

CHIGWELL. — Dorothy Lemmon returned home on Wednesday from Mirror, where she has been visiting.

We have been having some good rains. The field are looking better and the farmers are wearing real smiles.

A number of young folk attended the dance at Clive on May 24th and report a good time.

We are sorry to hear that Elsie Fife is a patient in the Lacombe hospital, having undergone an operation for appendicitis.

Mount Dawson, in the Selkirks, is 11,100 feet high.

E. G. Erickson, Old Timer, Passes Away

The death took place at his home northeast of Eckville on Monday, May 17th, of E. G. Erickson, better known to his many friends as Fred Erickson. He had not been well for some time and passed away quietly at 1:30 a.m.

The deceased was born at Lanna, Sweden, on Sept. 27th, 1882. Spending his early years in Sweden, he immigrated to the United States and settled in Chicago, later coming west to Spokane. From there he moved to British Columbia, and in 1906 came to Alberta.

In 1914 Mr. Erickson married Miss Minnie Solberg.

Besides a sorrowing wife he leaves to mourn his loss two daughters and two sons, the youngest being six years old; a sister at Evanston, Illinois; three sisters and a brother in Sweden.

Was Loved By All

The funeral was held from the home on Wednesday last, with the Rev. Mr. Campbell officiating. During the service the following numbers were beautifully rendered: A quartet, "The Old Rugged Cross," by Fred Bardenhagen, Norman Jackson, Arthur Raabis and Waldo Raabis; a duet, "No Disappointments in Heaven," by the Ecklund sisters of Bentley, and "The Eastern Gate," by P. Duffield.

That he was beloved by all was evidenced by the large number of friends who paid their last respects, and the beautiful floral tributes adorning the casket. Following the service, the cortege proceded to the Eckville cemetery, and at the graveside the Rev. Mr. Campbell sang "In the Sweet Bye and Bye."

The funeral arrangements were handled by Duffield and Son, funeral directors, of Sylvan Lake.

The Pallbearers were W. Thorkman, George Thompson, Ray Wright, Jack Bromling, Alf Tubron and John Lundberg.

CANADIAN CATTLE EXPORTS INCREASE

Exports of Canadian cattle to the United States from January 1 to April 8, 1937, included 54,657 beef cattle, 2,478 dairy cattle and 20,050 calves, an increase of 9,622 beef cattle, 653 dairy cattle and 14,830 calves on the corresponding period of 1936. The number of Canadian hogs exported to the United States in the same period was 19,639 head.

Nanking was once the capital of South China.

NOTICE OF PREPARATION OF ASSESSMENT ROLL

Village of Bentley Assessment Roll 1937

NOTICE is hereby given that the Assessment Roll of the Village of Bentley for the year 1937 has been prepared and is now open for inspection at the office of the Secretary-Treasurer from ten o'clock in the forenoon to four o'clock in the afternoon on every day which is not a public holiday, except Saturday, and on that day from ten o'clock in the forenoon until two o'clock in the afternoon, and that any person who desires to object to the entry of his name or that of any other person upon the said roll or to the assessment of any property or to the assessed value placed upon any property, must within thirty days after the date of this notice lodge a complaint in writing with the Secretary-Treasurer.
DATED this 22nd day of May, 1937.
H. C. HOPKINS,
Secretary-Treasurer.

SUPERSTITION

A sailor was picked as a sure winner over an army man in a wrestling bout. However, the army man won the bout in record time.
"How you come to beat that sailor?" asked a friend.
"Well," replied the victor, "you see, I'm a little superstitious, and as he's a sail, I decided to throw him over my left shoulder."

Princeton University was founded in 1746.

FAIR ENOUGH

The defense attorney was cross-examining the witness. Said witness was a fetching blonde with two lovely big blue eyes. The lawyer leaned forward.
"Where were you," he thundered, "on Monday night?"
The blonde smiled sweetly.
"Automobile riding," she replied.
"And where were you," bellowed the lawyer, "on Tuesday night?"
"Automobile riding," repeated the beautiful blonde.
The lawyer leaned still closer.
"And what," he murmured, "are you doing tomorrow night?"
The prosecuting attorney leaped from his chair.
"Your Honor," he protested, "I object to that question!"
The judge, a tolerant gentleman, shrugged his shoulders.
"And why do you object?" he inquired mildly.
The prosecuting attorney drew himself up in righteous indignation.
"Because," he snapped, "I asked her first!"

POUND NOTICES

For information apply to E. Walter Simpson, Secretary-Treasurer of the Municipal Distict of Crown No. 399, Lacombe, Alta. m27c

How to Kill Your Town

Always cultivate the idea that you can do better in some other town.

Denounce your merchants because they are trying to make a living here.

Glory in the downfall of any man who has done much to improve your own town.

Get all you can out of the town and the merchants, but spend your money somewhere else.

Tell the merchants that you can buy elsewhere cheaper; you probably can't, but charge them with extortions, anyway.

Don't advertise in the local newspaper. The publisher can boost the town and district without your cooperation and live on air.

Always believe everything that the peddlers and specialty agents tell you and buy from them. You could no doubt do better at your own stores, but don't ever do that.

If a stranger stops in town, tell him he'd do better to go on to the next place.

Call your merchants and the place where you live as the meanest on earth.

Always have your mind firmly made up before you go into any of your home stores, that you simply can't get anything to suit you there.

And now, after having religiously done all the above, you ought to have the satisfaction of shortly seeing your town reduced to a small burg, a service station or two, and a post office. All this may not have enhanced the value of your property any, or improved your own living conditions, but you don't care. —Exchange.

ARGENTINE CORN CROP

The Argentine Minister of Agriculture places the first official estimate of the area planted to corn at 16,308,600 acres, a decrease of 13.5 per cent from 1935-36, which was a record. The estimate is also 0.3 below the five-year average, but 14.7 above the last 10-year average of 14,215,394 acres.

Greenland contains about 850,000 square miles.

Police Court News

R.C.M.P. officers visited town last Thursday, checking up on automobiles and their drivers. As a result of this check-up, eight drivers were fined $2 and costs each when they appeared before Magistrate E. H. Jones Friday morning on a charge of driving an automobile with faulty brakes. Those appearing on this charge were W. Campbell, A. Beefus, S. Kinley, B. W. Duffy, W. H. Cameron, W. Gustafson, W. Maynard and C. B. Fackler.

Fred Doberstein was sentenced to imprisonment for 21 days on a charge of driving an automobile while intoxicated when he appeared before the Magistrate at the same court sitting.

M. Duffy, for unlawful possession, was fined $20 and costs.

VALUE OF CANADA'S FARM PRODUCTS

The gross value of Canadian farm products in 1936 was $1,061,824,000, the highest since 1930. The net value was $681,077,000. The net value as calculated by the Dominion Bureau of Statistics represents the value of products raised on the farm which are available for sale off the farm or for consumption by the farmer and his family. The value of Alberta's products was $141,648,000, an increase of $4,200,000 over the previous year.

The estimated capital value of Canadian farms was placed at $4,628,575,000.

HOG CARCASS GRADING PROVES QUITE POPULAR

The growing popularity of carcass grading of hogs is shown by the increase of 192,726 during the first 14 weeks of 1937, when 255,003 were graded, compared with 62,277 in the corresponding period of 1936.

Baptist Picnic Held At McLaurin Beach

Baptists from Red Deer, Lacombe, Clive, Ponoka and Sunny Crest met at McLaurin Beach on May 24th for the annual get-together picnic. Despite the bad roads, caused by the heavy rains, a goodly number were present.

At a religious service held in the Assembly Hall, Rev. John Roskom of Ponoka and Rev. P. E. Munday of Red Deer gave addresses. These exercises were preceded and followed by sports. The young men of Clive defeated Sunny Crest in the annual baseball game. Races of various kinds were provided for those of all ages and the meals were served in the assembly dining hall.
